San Francisco Bay Area Council
Boy Scouts of America

Congratulations on taking what you learned at the 2018 NYLT course and applying those skills at your home unit to complete three goals. This exceptional achievement is one you should be proud of and you should wear the BSA trained strip on your uniform with pride.

Your success in completing your goals says a lot about you - and we are looking for people like you. I'd like to invite you to apply to be a staff member at the 2019 NYLT course. It has often been said that to truly learn a subject, you need to teach the subject. Learning leadership skills is no exception and becoming an NYLT staff member will give you the opportunity to develop further leadership skills that will benefit you for the rest of your life. Being on NYLT staff is fun and counts towards community service hours.

In 2019, we will be holding only **one** session: June 16-22 at Rancho Los Mochos. Further information about being a staff member can be found on the staff page at our website <http://www.SFBAC-nylt.org/Staff-NYLT.htm>. Applications need to be in soon – staff selection begins in December so don't wait another minute – get your application in today!

If you have any questions, don't hesitate to contact me – my email details are below. I look forward to seeing you at staff interviews in December!
